

Investing in future generations

One of the key aims of Shropshire Hope is to facilitate the spiritual and practical development of those involved in Christian Youth & Children's Ministry.

Working alongside Youth Ministry Network and supported by Denominational Church Leaders in the county, we provide a FREE breakfast and opportunity to network for anyone involved in Christian Youth Ministry whether paid or voluntary.

We held our first breakfast event in 2016 when **Ray Thomas** who works with South West Youth Ministries (SWYM) was our guest speaker.

In 2017 **Matt Summerfield** then CEO and now President of Urban Saints and Senior Pastor of Hitchen Christian Centre, shared his passion about releasing the potential of young people to live out God's great adventure for their lives.

Gavin & Anne Calver were our keynote speakers in 2018. Gavin is Director of Missions at Evangelical Alliance and previously headed up Youth for Christ UK and together they present a weekly show on TBN UK - the Christian broadcast network.

You can help us in the following ways:

1. **Encourage** everyone involved in youth and children's ministry in your church/fellowship to come along. That includes paid or voluntary youth/children's workers - and even those who supervise them
2. It's a **FREE** event - but obviously it costs us to put it on. Please consider either:
 - a. Sponsoring your church's youth/children's worker(s) to come. A donation of £15:00 per person would help cover the costs
 - b. Making a donation so that someone from another church/fellowship could come
3. **Publicising** the event: on your church noticeboards or website. We have posters available - **email us** to request more information and artwork

You can find out more by going to the Shropshire Hope website - [click here](#) - and log onto the "We love our Youth Leaders" Breakfast tab.

Thanks for helping us invest in future generations.
